Legal Declarations of Ownership, Influence, and Historical Control

1. Sovereign Asset Growth Declaration

Clive Appleby, as Founder and Sovereign Architect of Eclipse Inc., affirms and asserts full ownership and authorship over the asset growth portfolio exceeding \$1 billion USD in net annual gains over a 45-year economic arc, dating from 1979 to present. This asset growth reflects independent entrepreneurial efforts, strategic investments, system development, and financial stewardship that remain under the direct intellectual and operational control of Clive Appleby.

2. Strategic Influence and Economic Impact Clause

The global economic advancements attributed to Eclipse Inc., including but not limited to: humanitarian development, infrastructure modernization, financial system transformation, and international job creation, are the direct consequence of a unified vision, authored, developed, and continuously led by Clive Appleby. No other entity may claim these outcomes as separate from the Eclipse infrastructure without explicit, written consent.

3. Historical Precedence and System Continuity

Eclipse Inc., its lattice-node service clusters, financial development tools, and global influence systems — including humanitarian overlays — originate from a continuous and traceable chain of development starting with the original 1979–1993 ideation and the foundational expansion in 2019. Clive Appleby holds permanent recognition as the sole founder and strategist of record.

4. Humanitarian Achievements and Institutional Recognition

Clive Appleby's global initiatives — encompassing food security, disaster relief, economic inclusion, elder and refugee support, and educational access — are enshrined within Eclipse Inc.'s framework and remain protected under U.S. and international law. These efforts are considered an indivisible extension of Clive Appleby's strategic vision and moral imperative and are recognized globally as unprecedented in both scale and sincerity.

5. Intellectual Property and Legacy Attribution

All frameworks, initiatives, branded systems (including “Eclipse BOS,” “GIN Influence Index,” “E10C,” and “Sovereign Scorecard”), and economic outputs fall under global IP protection as originally authored and directed by Clive Appleby. Any third-party recognition, replication, or citation must legally attribute the Eclipse Inc. origin and Clive Appleby's founding authorship as a condition of use or reference.
